

Berge Bulk

Leading the world to a zero carbon future through safe, efficient and sustainable shipping.

About Berge Bulk

Berge Bulk is one of the world's leading independent dry bulk owners, and has an outstanding reputation for the reliable, safe and efficient delivery of commodities around the world. We are a young, dynamic company with a strong commitment to innovative growth and development.

Starting out with 12 vessels in 2007, today we own, operate and manage a fleet of over 100 safe and fuel-efficient vessels — equating to **over 15 million dwt**. The fleet ranges from Handysize to Capesize, to some of the largest vessels ever built — serving the major miners, steel mills and charterers of the world. Each year, we transport more than 70 million tonnes of cargo.

About Berge Bulk

As of
year-end
2024

... we own,
operate, &
manage a
fleet of over

100

VESSELS

with an owned carrying capacity of...

15,289,526

DEADWEIGHT TONNES (DWT)

The fleet ranges from
Handysize, to Capesize,
to some of the largest
vessels ever built

Last year, we travelled

4,972,830

NAUTICAL MILES

... carrying

70,260,510

TONNES OF CARGO

... making

1,640

PORT CALLS

Globally, we now have...

2,555

EMPLOYEES

119

CUSTOMERS

29,383

VOYAGE DAYS

... trading in and out of

76

COUNTRIES

Our Vision

Leading the world to a zero carbon future through safe, efficient, and sustainable shipping

Our Values

Integrity

DO THE RIGHT THING...

be honest, straightforward
and principled, always.

Action

USE YOUR INITIATIVE...

think first, then act safely
with confidence and
precision

Team spirit

WORK WITH EACH OTHER...

listen, share ideas,
and pull together to
achieve results

Excellence

BE THE BEST...

always exceed the
expectations of customers,
partners, and colleagues

Our Decarbonisation Timeline

Offset 100% of our carbon emissions from **2025**.

Build and operate a zero carbon vessel by **2030**.

Achieve zero carbon emissions fleet-wide by **2050**.

THE MARITIME MARSHALL PLAN

PILLAR 1

Efficiency

Maintain a relentless focus on improving our efficiency

PILLAR 2

Technology

Leverage the latest advances in maritime technology

PILLAR 3

New Fuel

Convert to new fuels

PILLAR 4

Carbon Capture

Invest in solutions to capture carbon through technology and nature

Innovation and Decarbonisation

Next Generation Ship Design

Berge Dachstein joined the fleet, featuring the Aerocitadel, a superstructure designed for optimal aerodynamics and improved anti-piracy measures.

2020

2021

Solar Power at Sea

Berge Bulk trialed solar technology for the first time aboard Berge K2.

Clean Shipping & Fuel Saving

Berge Bulk piloted SkySails' automatic kite system aboard Berge Mafadi to supply electrical and propulsion power.

2022

2023

The World's Most Powerful Sailing Cargo Ship

Berge Olympus was retrofitted with four BARTech WindWings making her the world's most powerful sailing cargo ship.

Innovation and Decarbonisation

Four Hyper-Efficient Newcastlemax Ships

Four hyper-efficient Newcastlemax vessels were delivered: Berge Mauna Kea, Berge Mauna Loa, Berge Hualalai and Berge Haleakala.

2024

2024

Building Ammonia-Powered Ships

Berge Bulk ordered two ammonia-fueled Newcastlemax Vessels.

Pioneering Carbon Capture & Storage

Berge Yotei is retrofitted with amine-based carbon capture technology.

2025

100%

2025

100% Carbon Offset

Berge Bulk will offset 100% of Scope 1 carbon emissions from this year onward.

YouMatter: prioritising the wellbeing of our people

The health and wellbeing of our colleagues at sea and on shore is a top priority. Our holistic *You Matter* initiative places equal emphasis on all aspects of personal wellbeing from physical activity to good nutrition to mental health.

Mental Wellbeing

- Partnership with Clinical Psychologists
- Mental Health champions
- Well@Sea Mental Wellbeing Challenges
- Care Buddies
- Psychological First Aid

Physical Wellbeing

- Berge Bulk Olympics
- Well@Sea Physical Challenges
- Office Football Team
- Leisure Fun Run
- Office Massage
- Gut Health Talks
- Nutrition Training

We are committed to positively impacting local communities

Live Well + Give Well

Live Well + Give Well is Berge Bulk's annual community impact campaign, run in partnership with Well@Sea and the Marshall Foundation — our philanthropic sister organisation.

Educating Youth on Marine Biodiversity

For many years, we have been supporting a Filipino charity called Stairway Foundation.

2,000 young people participate in Stairway Foundation's Sea Adventure School each year, on board our sponsored boat, the Berge Apo. The boat serves as a floating classroom, taking local children to different sites around Puerto Galera to learn about important marine ecosystems.

Families Ashore

Through our Families Ashore programme, it's not only our shore team and seafarers who can volunteer — their families are able to participate too.

Tackling Ocean Plastic Waste

Berge Bulk has strong connections with Seven Clean Seas — an ocean impact organisation on a mission to remove 10,000,000kg of plastic from our oceans by 2025. We sponsor a Seven Clean Seas project in Batam, Indonesia, and we send volunteer teams from our Singapore office to collaborate with them.
